## Editorial Review

### From the Inside Flap

WHEN THE FIRST EDITION OF *Linkage Inc.'s Best Practices in Leadership Development Handbook* was published in 1999, it immediately became a popular resource for anyone charged with leading or executing leadership development initiatives.

The second edition of the bestselling handbook has been updated to build on the previous edition with a synopsis of the latest changes in the field of leadership development. This includes new benchmark case studies from the world's foremost companies; a wealth of proven guidelines, tools, and models; and a presentation of the latest theories on leadership.

Filled with real-life examples from industry leaders such as Bank of America, Dell, Macy's, and McKesson, these signature experiences show how it is possible to create positive learning and behavioral change in any organization.
