### Muggie Maggie By Beverly Cleary

In this humorous and relatable novel from Newbery Medal-winning author Beverly Cleary, a girl must overcome her rebellious attitude toward learning cursive.

At first, Maggie is just feeling stubborn when she declares she won't learn cursive. What's wrong with print, anyway? And she can easily type on a computer, so why would she need to know how to read those squiggly lines? But soon all her classmates are buzzing about Maggie's decision, especially after her teacher, Mrs. Leeper, says Maggie's cursive is so sloppy that her name looks like "Muggie."

With "Muggie Maggie" ringing in her ears, Maggie absolutely, positively won't back down...until she's appointed class mail messenger. All the letters that Mrs. Leeper sends to the office are in cursive, and Maggie thinks they are written about her. But there's only way to know for sure...so what's Maggie going to do?

For generations, Beverly Cleary has captivated readers of all ages with beloved characters such as Ramona Quimby, Henry Huggins, Ribsy, and Ralph S. Mouse. *Muggie Maggie* follows suit with what *School Library Journal* calls "a likable, funny heroine whom readers will want to know."

### **Editorial Review**

From Publishers Weekly

In PW's words, "Fans who have eagerly awaited a new Cleary novel will find this story wrought with the same understanding and sympathetic humor that have warmed the hearts of two generations of readers."

Ages 7-12.

Copyright 1991 Reed Business Information, Inc.

From School Library Journal

Grade 2-4-- With the introduction of Maggie Schultz, a feisty and independent third grader, Cleary again gives young readers a real person with whom they can identify and empathize. This deceptively simple story is accessible to primary-grade readers able to read long hand, as some of the text is in script. The plot develops around Maggie's defiant refusal to learn cursive writing, one of the mainstays of the third-grade curriculum. When her mother queries her about how long it might take her to decide to write cursive, Maggie answers, "Maybe forever." All the while she fervently wishes that she had never taken such a stand. The problems Maggie creates for herself at home and at school are handled with deft wit. Her parents are alternately understanding about their daughter's determined desire to be her own person and irritated by her stubbornness and the ensuing requests for school conferences about her uncooperative behavior. How Maggie's savvy teacher accomplishes her goal of getting Maggie to learn cursive without an unpleasant confrontation, or loss of face on either side, is both clever and believable. Everything in this book rings true, and Cleary has created a likable, funny heroine about whom readers will want to know more. Order two copies; you'll need them! --Martha Rosen, Edgewood School, Scarsdale, NY

Review

"Cleary's usual perception and understanding of children, her ability to appeal to readers on several levels, and her humor are as enjoyable as ever." (The Horn Book)

"Clever and believable. Everything in this book rings true, and Cleary has created a likeable, funny heroine about whom readers will want to know more." (School Library Journal)
