## The Value in the Valley: A Black Woman's Guide Through Life's Dilemmas

By Iyanla Vanzant

Is it the job you hate but need in order to pay the rent? Is it that relationship that you gave your all to only to end up with a broken heart...again? Perhaps it's your children, a family member, or a life-long friend doing you in, dragging you down, pushing you to the brink. If you are an honorary member of the Black Woman's Suffering Society, you have probably been told that it's all your fault. Or that struggling and suffering is your lot in life. Iyanla Vanzant says, *No!* Life is an Act of Faith and suffering is optional! Those everyday challenges, obstacles, and dilemmas are what Iyanla calls "valleys." As bad as they may seem, there is a purpose or, as Iyanla says, "There is so much value in the valley."

If you've ever been disappointed, betrayed, rejected, abandoned, or just plain old scared to let go, then you've been or may still be in a valley. Iyanla knows -- she's been there and on a bad day she's still there, but now she shares the way out with you.

### **Editorial Review**

From Publishers Weekly

A guide for black women seeking to come to grips with seemingly insurmountable difficulties.  
Copyright 1996 Reed Business Information, Inc.

From Library Journal

Vanzant, a Yoruba priestess and metaphysician who lives in Maryland, writes with genuine depth of the struggles of black women and of the hope and strength that can be gained from honestly facing these "valleys" with compassion, forgiveness, and self-confidence. Vanzant outlines ten valleys; operative "laws" that govern them, e.g., "darkness must come to light"; the lesson that can be learned, e.g., forgiveness or humility; and the virtue to be acquired, e.g., consciousness or balance. She then devotes a chapter to each valley. Preceding each chapter is a meditation with the Mother of Creation who empowers her daughters. Highly recommended not only for African American women but for all who feel oppressed by the circumstances of their lives.

Review

Linton Weeks *The Washington Post* Iyanla Vanzant has been down and out. Now her books are pulling others up.

Ruby Dee *The Value in the Valley* takes a great many of the neglected and unexplored areas of our minds and lives and brings them, through racism, sexism, and the challenges of just living, into sharper focus. How to turn doubt to faith, despair to hope, confusion to clarity, and make sure that healthy seeds of consciousness, planted in nurturing Black soil, can grow toward the sunlight and burst forth in glorious flower.
