Shadowline: The Art of Iain McCaig By Iain McCaig

"What is Shadowline? It is the place where things meet: light and shadows, hope and despair, good and evil. It is, to me, the most interesting place to hunt for stories." So begins this stunningly realized and beautifully rendered new work from master storyteller and artist Iain McCaig. McCaig is best known for his work as a principal designer on the three Star Wars prequels, including the iconic characters Queen Amidala and Darth Maul, as well as his work on many major motion pictures, television, and video games. His work can be seen in such acclaimed films as Terminator 2, Hook, Francis Ford Coppola's Dracula, Interview with a Vampire, and Harry Potter and the Goblet of Fire. Shadowline presents a stunning portfolio of more than two decades of McCaig's masterful concept designs and storyboards, cover art and illustrations, as well as his private sketchbooks and personal paintings, all woven together within the confines of an engrossing, otherworldly tale.
