**The Oxford History of the British Empire, Volume V: Historiography (Oxford History of the British Empire)** From Brand: Oxford University Press, USA

Where should we situate the British Empire in the larger picture of world history? This fifth and final volume of *The Oxford History of the British Empire* shows how opinions have changed dramatically from one generation to the next on the nature and role of imperialism generally, and the British Empire more specifically.

In these pages, a distinguished team of scholarly contributors discuss the many and diverse elements that have influenced writings on the Empire. Topics in this vein include the pressure of current events, access to primary sources, the creation of relevant university chairs, the rise of nationalism in former colonies, decolonization, and the Cold War. The chapters aim to demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide-ranging, multi-faceted analysis of international relations, the uses of power, and the influences and counter-influences between settler groups and indigenous peoples. The result is a thought-provoking cultural and intellectual inquiry into our understanding of the past.

### *About the Series:*

*The Oxford History of the British Empire* is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records. It deals with the interaction of British and non-western societies from the Elizabethan era to the late twentieth century, provides a balanced treatment of the ruled as well as the rulers, and takes into account the significance of the Empire for the peoples of the British Isles. All five of the volumes in this series fully explore economic and social as well as political trends.

## **Editorial Review**

### **Review**

"Magnificent...Taken together, these books constitute an extraordinary feat of organization and scholarship, and they provide the authoritative history of the British Empire for our generation, and the essential starting point of the re-writing of that history which will take place in the next generation. Opinions differ about the British Empire; there can be no disagreement about this superb history of it." --David Cannadine in *The Times Literary Supplement*

"*The Oxford History of the British Empire* will take many years to be digested. In the meantime, its five volumes will gather little dust on library shelves. Those fortunate enough to have these books in their own library will possess a valuable publication that recommends new approaches and raises new questions about one of the greatest cultural and technological transfers that has taken place in the world during the past half millennium." --*The Historian*

### **About the Author**

**Robin Winks** is Randolph W. Townsend Professor of History at Yale University.

**Wm. Roger Louis** is Kerr Professor of English History and Culture at the University of Texas at Austin.

## **Users Review**
