China in the 21st Century: What Everyone Needs to Know By Jeffrey N. Wasserstrom

The need to understand this global giant has never been more pressing: China is constantly in the news, yet conflicting impressions abound. Within one generation, China has transformed from an impoverished, repressive state into an economic and political powerhouse. In the fully revised and updated second edition of *China in the 21st Century: What Everyone Needs to Know*, China expert Jeffrey Wasserstrom provides cogent answers to the most urgent questions regarding the newest superpower, and offers a framework for understanding its meteoric rise.

Focusing his answers through the historical legacies--Western and Japanese imperialism, the Mao era, and the massacre near Tiananmen Square--that largely define China's present-day trajectory, Wasserstrom introduces readers to the Chinese Communist Party, the building boom in Shanghai, and the environmental fall-out of rapid Chinese industrialization. He also explains unique aspects of Chinese culture such as the one-child policy, and provides insight into how Chinese view Americans.

Wasserstrom reveals that China today shares many traits with other industrialized nations during their periods of development, in particular the United States during its rapid industrialization in the 19th century. He provides guidance on the ways we can expect China to act in the future vis-à-vis the United States, Russia, India, and its East Asian neighbors. The second edition has also been updated to take into account changes China has seen in just the past two years, from the global economic shifts to the recent removal of Chongqing Party Secretary Bo Xilai from power.

Concise and insightful, *China in the 21st Century* provides an excellent introduction to this significant global power.

Popular Topics in the "What Everyone Needs to Know" Series

- International Politics
- Environmental Policies
- World History
- Sciences & Math
- Religion & Spirituality

Review

Praise for the first edition:

"Wasserstrom has accomplished a remarkable feat: melding the insights from deep scholarly immersion in history with an up-to-the-minute grasp on contemporary developments in China and beyond. Written in a crisp prose,...questions big and small, alarmingly complex and deceptively simple--from who Confucius was to how the Communists defeated the Nationalists and whether China was bent on world domination--are answered with aplomb and precision.... I for one am grateful to have this little book in hand when I greet the next round of fresh-faced undergraduates coming to my classes wishing to know something about 'China.'"--
Haiyan Lee, Stanford University

"Wasserstrom is a sure-footed guide through the thickets of China's history and the turbo-driven landscape of its current affairs. Indispensable reading."--Andrew Ross, author of *Fast Boat to China: Lessons from Shanghai*

"Readers who know a fair bit about China already will be left better informed, looking at what they already knew in another light. Readers new to the subject couldn't start in a better place."--Urbanatomy.com

"Wasserstrom, a preeminent scholar of Chinese history, here provides a useful resource for those who want a greater understanding of the how and why of China's emergence as a global power."--Library Journal

About the Author

Jeffrey N. Wasserstrom is a Professor of History at the University of California, Irvine. His previous books include *Global Shanghai*, *China's Brave New World*, and *Twentieth-Century China*.

Users Review

From reader reviews:

Linda Christopher:

The book *China in the 21st Century: What Everyone Needs to Know* can give more knowledge and also the precise product information about everything you want. So why must we leave the good thing like a book *China in the 21st Century: What Everyone Needs to Know*? A number of you have a different opinion about e-book. But one aim that book can give many data for us. It is absolutely right. Right now, try to closer along with your book. Knowledge or details that you take for that, you are able to give for each other; you may share all of these. Book *China in the 21st Century: What Everyone Needs to Know* has simple shape nevertheless, you know: it has great and large function for you. You can look the enormous world by open and read a publication. So it is very wonderful.

James Hopwood:

The reason why? Because this China in the 21st Century: What Everyone Needs to Know is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will distress you with the secret it inside. Reading this book next to it was fantastic author who also write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of benefits than the other book have got such as help improving your ability and your critical thinking way. So , still want to hold off having that book? If I ended up you I will go to the e-book store hurriedly.

Charles Powers:

A lot of guide has printed but it takes a different approach. You can get it by online on social media. You can choose the top book for you, science, comedian, novel, or whatever by means of searching from it. It is called of book China in the 21st Century: What Everyone Needs to Know. You can add your knowledge by it. Without making the printed book, it can add your knowledge and make a person happier to read. It is most critical that, you must aware about publication. It can bring you from one destination for a other place.

Homer Gardner:

Some individuals said that they feel weary when they reading a guide. They are directly felt the idea when they get a half parts of the book. You can choose the book China in the 21st Century: What Everyone Needs to Know to make your personal reading is interesting. Your current skill of reading skill is developing when you such as reading. Try to choose basic book to make you enjoy to learn it and mingle the feeling about book and studying especially. It is to be initial opinion for you to like to available a book and examine it. Beside that the e-book China in the 21st Century: What Everyone Needs to Know can to be your brand-new friend when you're truly feel alone and confuse with the information must you're doing of that time.
