## **Editorial Review**

From Publishers Weekly

Narrator-PI Elvis Cole (last seen in *Lullaby Town*) is back, wisecracking but caring and the very model of a modern L.A. tec: he likes Nicoise salads, Evian water and yoga; he says "Sure" a lot. Secretary Jennifer Sheridan--young, pretty and a bit prim--asks Cole to find out what's troubling her fiance Mark, a member of an elite LAPD undercover squad, who has become withdrawn and won't talk about his work. Elvis skeptically takes the case and is immediately warned off by Mark, who says he's seeing another woman. Although a brief investigation seems to prove this, when Cole breaks the news to stalwart Jennifer, she convinces him to dig deeper. He uncovers a possible wrongful-death case against Mark's team that leads to complications, including the framing of Cole and his Rambo-like partner Pike on a murder-and-drug rap. They break out of jail and begin a desperate fight against a vicious drug dealer, the LAPD and Mark's squad. Scriptwriter Crais (*L.A. Law*, *Hill Street Blues*) excels with both action scenes and characterization; this fast, intricate, very satisfying thriller should send new readers back to his earlier books. Major ad/promo. Despite an improbable jailbreak and obvious character types--the dangerous, sadistic cop; the dewy ingenue, and her doltish boyfriend--Robert Crais almost manages to make the mean streets of Los Angeles as ferocious as they were in *LA REQUIEM*. The plot, riddled with bad cops, gangs, and corruption in high places, provides enough excitement and twists to be fun. True, some of the snap has gone out of Elvis Cole's repartee, but Joe Pike is as enigmatic a hero as he ever was. An engaging performance by James Daniels keeps things moving. Daniels provides even the least interesting characters with inner lives by the subtlest change in his tone. With equal touches of irony and insight, he makes Elvis and Joe a great way to spend an evening. S.J.H. © AudioFile 2002, Portland, Maine-- *Copyright © AudioFile, Portland, Maine*
