**High Moon Vol. 1: Bullet Holes and Bite Marks** By David Gallaher, Steve Ellis

The Harvey-Award-Winning collection of the critically acclaimed webcomic series is re-loaded and re-mastered.

Bounty-hunter Matthew Macgregor investigates a series of strange happenings in the dusty Texas town of Blest where drought has brought famine and hardship to most of the town and surrounding ranches.

Unfortunately, that's the least of the town's worries! While the summer heat pushes the mercury toward further unbearable degrees during the day, the nights are haunted by strange unnatural creatures roaming the darkness. Macgregor, a former Pinkerton agent, seeks to uncover the town's dark secrets and tries desperately to keep his own past steeped in witchcraft and the supernatural hidden. At sundown... they'll be a showdown at High Moon.

Review

From Publishers Weekly

The Wild West has always been the setting to examine what happens when humanity abandons its rules. And the werewolf is an ideal path to explore the mind of a person who loses all self-control. The natural connection between those two elements is only the starting point for this engaging, intricately crafted western horror series. As Colin MacGregor, a former Pinkerton's detective with a hidden past, arrives in the isolated town of Blest, Tex., his only goal is to catch a man with a price on his head. Soon he's hired to rescue a kidnapped girl, and events spiral into two more connected episodes of supernatural horror spread out across the landscape of the American West at the dawn of the industrial age. Gallaher adeptly layers elements from many mythologies to create a rich melting pot of mysticism matching the diversity of settlers in the towns where the stories take place. Ellis's strong artwork captures the mysterious, lawless atmosphere, rising to the occasion whenever the tale calls for the reader to be frightened or awed. (*Oct.*)
