### Editorial Review

#### Review

"Very good! Quite a useful tool---I'll refer to it often." - Dr. Gary Aguilar, author

"This is a great reference work!" - Author Robert Groden

"An encyclopedia of the medical evidence"- Author William Matson Law

*"Vince Palamara is a Secret Service expert"- The History Channel, November 2003*

*"[Vincent Palamara is], unquestionably, the main authority on the Secret Service with regard to the assassination [of John F. Kennedy]."* —*Vincent Bugliosi, New York Times*-bestselling author, *Helter Skelter*

*"The facts as outlined would sustain a charge of gross negligence without the possibility of refutation from any source . . . a great book."* —Secret Service Agent *Abraham Bolden* on *Survivor's Guilt*

*"The most accurate, detailed, and factual report on the John F. Kennedy assassination ever."* —Secret Service Agent *John Carman* on *Survivor's Guilt*

#### From the Author

This book tackles every possible angle of the medical evidence in the Kennedy murder mystery and does not merely "cherry pick" only certain handfuls of sources as other books have a tendency to do. This book is all-encompassing and exhaustive in its detailed look at the most important evidence in the JFK assassination.

The reader will take away three important factors when reading this book: 1. They will learn many fascinating specific details regarding the JFK assassination medical evidence.

2. Evidence of conspiracy and cover-up in the Kennedy murder case will leap out from the many entries from primary witnesses who were there, not merely "theorists" or authors with an agenda.

3. They will have a unique, all-in-one-place study guide/ road map/ GPS through the massive mountain of sources regarding the biggest crime of the 20th century.

For all intents and purposes, nearly every prior book on the Kennedy case, either for or against the notion of conspiracy and cover-up, has always come from either a primary witness or an author with an agenda or "theory". This massive work takes a neutral look at the case by providing a much-needed "everything-but-the-kitchen-sink", "no-stone-unturned", all inclusive look at the most important avenue of the crime: the medical evidence. In the process, the author has uncovered much new and overlooked materials, based on years of research and contacting many primary witnesses, as the author did with his first book, as well.

*Survivor's Guilt: The Secret Service and the Failure to Protect President Kennedy* is the ultimate book on the Secret Service. *JFK-From Parkland to Bethesda: The Ultimate Kennedy Assassination Compendium*

is the ultimate book on the medical evidence.

#### From the Inside Flap

I first began working on this book in July 1998, shortly after a fire at my home, as a means to distract myself in a pleasant way as the fire restoration workers completed their tasks. The project soon took on a life of its own as what was once just a passionate hobby became an obsession, with the goal of compiling every known (and unknown/ overlooked) medical evidence related bit of testimony, statements, and excerpts I could find. Starting merely with a wish to make sense of the disjointed 26 volumes of the Warren Commission I owned at the time (rare books I later sold and which are now available, scanned and free to the world, online), I soon began to have a dream of clarifying and compiling the work of the HSCA, the then just-ended work of the ARRB, all the countless books written on the case, etc.

In short order, the book became a labor of love and, although somewhat secondary to my pet project of Secret Service studies, evolved into an important work on its own terms.

## Users Review

### From reader reviews:

#### Inez Tuller:

The reason? Because this JFK: From Parkland to Bethesda: The Ultimate Kennedy Assassination Compendium is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will zap you with the secret the item inside. Reading this book next to it was fantastic author who all write the book in such awesome way makes the content inside easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of advantages than the other book possess such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I were being you I will go to the guide store hurriedly.

#### Allison Walters:
