The Name of this Book Is Secret (The Secret Series) By Pseudonymous Bosch

Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

Editorial Review

From [Booklist](#)

In enormous lettering the first page warns: "Do not read beyond this page!" The reason? The book contains a secret so nefarious as to be dangerous even to innocent page-turners daring enough to venture forth. The first few chapters present a tricky little exercise in metafiction in which the story about a secret is revealed as being itself too secret to tell, a ploy sure to tickle more puzzlesome readers. But then the intrusive narrator, who is equal parts snarky and delightful, strikes a deal and deigns to tell the story with fake names in Your Hometown, as long as you agree to "forget everything you read as soon as you read it." Then follows a not terribly shocking story wherein two intrepid kids uncover a mysterious society bent on immortality, which gets them in and out of all manner of trouble. While some may be disappointed that there is no mind-bending secret at the bottom of it all as promised, most junior Da Vinci Coders will likely be having too much fun to notice. Chipman, Ian

Review

"Equal parts snarky and delightful." *Booklist*

"Equal parts supernatural whodunit, suspense-filled adventure, and evocative coming-of-age tale." *Publishers Weekly*

About the Author
