**Metaphysics as Christology: An Odyssey of the Self from Kant and Hegel to Steiner (Routledge New Critical Thinking in Religion, Theology and Biblical Studies)** By Jonael Schickler, Fraser Watts

In *Metaphysics as Christology*, Jonael Schickler presents a major contribution to both philosophy and theology. First he examines the key philosophical problems with which Kant and Hegel grappled, and finds in the work of Rudolf Steiner the essence of a solution to them; he claims that Steiner returned to Hegel's philosophical problems but was better able to solve them. Schickler uses these philosophical debates about knowledge and truth to understand the significance of Christ. Building on the work of Hegel, Schickler argues that Christ has made possible the developments in human consciousness that restore humanity's relationship to the surrounding world. This is a bold and rigorous work that opens up new directions in both philosophy and theology. Fraser Watts contributes the Foreword and George Pattison an extensive Preface.

## **Editorial Review**

### **Review**

'The author, Jonael Schickler, was killed in the Potters Bar rail accident just as he was completing this manuscript. The script he left behind is a work of high academic calibre that reflects the extraordinary intellectual ability of its author. It develops a highly original argument, grounded in a philosophical consideration of Kant and Hegel, but developing a resolution of their philosophical legacy in a way that, influenced by Rudolf Steiner, the author argues has Christological significance. The intellectual brilliance and charismatic personality of the author, the originality and intellectual seriousness of his work, and his tragic and untimely death, all combine to make this book the focus of considerable interest'. Fraser Watts, Queen's College, Cambridge. 'Schickler's book is excellent in many respects... His one hundred pages of Hegel exegesis meet the highest of standards... anybody who is interested in the contemporary debate on the relationship between Kant and Hegel or the question of a general ontology discussed in terms of German Idealism will benefit from reading this book. And anybody who enjoys new perspectives on the history of ideas will be given food for thought, too... I can wholeheartedly recommend his elegant and original book. His untimely death is a great loss for the scientific community which is always in need for surprising ideas, so that his book deserves a wide readership.' *Ars Disputandi*

### **About the Author**

Jonael Schickler was formerly at Queens' College, Cambridge, and Director of Studies in Philosophy at Hughes Hall, Cambridge, UK. He died at the threshold of a very promising academic career. This is a posthumous book, and his only book.

#### **Elaine Harvey:**

Playing with family in the park, coming to see the ocean world or hanging out with good friends is thing that

usually you will have done when you have spare time, then why you don't try matter that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Metaphysics as Christology: An Odyssey of the Self from Kant and Hegel to Steiner (Routledge New Critical Thinking in Religion, Theology and Biblical Studies), it is possible to enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang-out type is it? Oh occur its mind hangout guys. What? Still don't get it, oh come on its referred to as reading friends.

**Earl Quintana:**

Do you like reading a publication? Confuse to looking for your chosen book? Or your book seemed to be rare? Why so many query for the book? But any kind of people feel that they enjoy to get reading. Some people likes looking at, not only science book but novel and Metaphysics as Christology: An Odyssey of the Self from Kant and Hegel to Steiner (Routledge New Critical Thinking in Religion, Theology and Biblical Studies) or perhaps others sources were given understanding for you. After you know how the fantastic a book, you feel wish to read more and more. Science e-book was created for teacher or perhaps students especially. Those ebooks are helping them to bring their knowledge. In different case, beside science e-book, any other book likes Metaphysics as Christology: An Odyssey of the Self from Kant and Hegel to Steiner (Routledge New Critical Thinking in Religion, Theology and Biblical Studies) to make your spare time much more colorful. Many types of book like this one.

**Lester Baker:**

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Metaphysics as Christology: An Odyssey of the Self from Kant and Hegel to Steiner (Routledge New Critical Thinking in Religion, Theology and Biblical Studies) can make you truly feel more interested to read.
