Panzer : the German tanks encyclopedia By Laurent TIRONE

Designed as a comprehensive overview of German tanks produced during the Second World War, this first volume of the WW2 arsenal series combines historical descriptions and accurate technical details highlighting the key features and changes introduced by the German engineers according to the battlefields experience.

The history of the German tanks evolution is from now on depicted in a heavily documented 192 pages book, illustrated with more than 200 rare and unpublished photographs from private collections, over 100 color profiles and 4-view drawings.

An authoritative reference book for historical armor enthusiasts and modelers!
Free A3 poster included for any order placed before February 29, 2016
