**Monks and Laymen in Byzantium, 843-1118** By Rosemary Morris

In Byzantium monks did not form a separate caste, apart from society. They formed part of a nexus of social, economic and spiritual relationships that bound together the "powerful" in the middle Byzantine state. Using hagiography, chronicles and, in particular, the newly-available archives of the Athonite monasteries, this book reassesses the role of monks in Byzantine society and examines the reasons for the flowering of the monastic life in the period from the end of iconoclasm to the beginning of the twelfth century.

### Editorial Review

#### Review

"Morris has produced a study that is impressive in its scholarship, and argumentation, and in the flow of its presentation." Steven Fanning, The Historian

"Morris has produced a study that is impressive in its scholarship and argumentation and in the flow of its presentation." Steven Fanning, The Historian

"This book is a pioneering work on the life of the monk in the middle Byzantine period." Charles A. Frazee, American Historical Review

"...an impressive range of source materials....should be of vital interest to anyone studying the history of monasticism." Religious Studies Review

#### From the Back Cover

In Byzantium monks did not form a separate caste, apart from society. They held loyalties not only to their own houses or monastic leaders, but also formed part of a nexus of social, economic and spiritual relationships which bound together the 'powerful' in the middle Byzantine state. Monasticism displayed a highly individualistic streak, unlike the Western religious 'orders'. Using hagiography, chronicles and, in particular, the newly available archives of the Athonite monasteries, this book reassesses the role of monks in Byzantine society and examines the reasons for the flowering of the monastic life in the period from the end of iconoclasm to the beginning of the twelfth century. It is the first study of its kind in English, and is aimed at anyone interested in either the Western or the Byzantine early medieval religious life.

### Users Review

#### From reader reviews:

##### James Shaw:

Information is provisions for people to get better life, information currently can get by anyone at everywhere. The information can be a know-how or any news even a huge concern. What people must be consider any time those information which is inside former life are hard to be find than now is taking seriously which one works to believe or which one the actual resource are convinced. If you get the unstable resource then you get it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Monks and Laymen in Byzantium, 843-1118 as your daily resource information.

##### Eric Graves:
