## Editorial Review

From Publishers Weekly

Blum (*Those Who Save Us*) visits Tornado Alley in this vivid novel about a set of twins with a dark history. At home in Minnesota, Karena Jorge gets an unexpected call informing her that her twin brother, Charles Hallingdahl, whom she hasn't seen in the 20 years since something went very wrong during a storm chase, has been admitted to a Kansas mental hospital. Charles suffers from rapid cycling bipolar disorder, and all Karena knows is that he refuses medication, he can be a danger to himself and others, and he is still obsessed with storm chasing. When she rushes to the clinic and finds he has already left, Karena joins a professional storm-chasing tour company, hoping to find her brother in the caravan of watchers who follow major storms. In the course of the tour, Karena confronts the past and the way it has shaped her life. The unpredictable and dangerous storms provide a framework for an exploration of the bond between siblings (and its limitations), and Blum renders the stormy backdrop as richly as she does her nuanced characters. Twins Karena and Charles share an unbreakable bond—and a devastating secret. Twenty years ago, 18-year-old Charles, who suffers from bipolar disorder, and his sister were out storm chasing when they collided with a motorcyclist. The two swore to each other they wouldn't report the deadly incident to authorities; after all, they were legal adults and could do serious prison time. In the years that followed, the siblings disappeared from each other's lives. Karena pursued a career as a newspaper reporter. Charles endured stints at various mental-health facilities and fed his true passion: chasing storms. (He always said that his mental state was akin to a tornado: terrifying and unpredictable as it spun out of control.) When Karena receives a distressing phone message about Charles, she ventures into the eye of the storm—literally—to find him. Blum (*Those Who Save Us*, 2005) intertwines two narratives: Karena's search for Charles (and induction into the wild world of weather) and her recollections of their rocky childhood. The tales work together nicely in this moving, if occasionally overwrought, novel. --Allison Block

## Review

"The outer landscape of Tornado Alley and the inner terrain of sibling devotion are brought vividly to life in Jenna Blum's new novel, a powerful story that reminds us that love is always a pursuit - one that demands, over and over again, that we put ourselves in harm's way."

-Stephanie Kallos, author of *Broken for You* and *Sing Them Home*

"I could not put down Jenna Blum's tornado of a novel about the secrets we keep from even those we love the most. Her heroine, Karena, is a fearless and fascinating companion on one hell of a ride."

-Amanda Eyre Ward, author of *How to Be Lost* and *Love Stories in this Town*

"Jenna Blum's novel, *The Stormchasers*, is an emotional rollercoaster of a story, the constant being Jenna's incredible descriptions of the beauty and awe of the most powerful natural force. The parallels Jenna draws between tornadoes and the human condition is genius and makes for a must-read novel."

-Reed Timmer, star of Discovery Channel's *Storm Chasers*.

"A somber, effective portrait of twins [and] a meticulous portrait of bipolar disorder and the heartbreaking damage it does to those it affects. . . . Beautifully rendered. . . . A strong second novel."

-*Kirkus Reviews*
