**Kindred in Death** By J. D. Robb

**Lieutenant Eve Dallas** scours New York City for the sadistic killer who murdered her captain's teenage daughter in this futuristic thriller from #1 *New York Times* bestselling author **J. D. Robb**.

When the newly promoted captain of the NYPD and his wife return a day early from their vacation, they are looking forward to spending time with their bright and vivacious sixteen-year-old daughter, who stayed behind.

Not even their worst nightmares could prepare them for the crime scene that awaits them instead. Deena has been brutally murdered in her bedroom, and her body shows signs of trauma that horrifies even the toughest of cops, including Lieutenant Eve Dallas, who is specifically requested by the captain to investigate.

When the evidence starts to pile up, Dallas and her team think they are about to arrest their perpetrator; little do they know that someone has gone to great lengths to tease and taunt them by using a variety of identities.

Overconfidence can lead to careless mistakes. But for Dallas, one mistake might be all she needs to serve justice.

### Editorial Review

From Publishers Weekly

New York City law officers have more technological weapons at their disposal in bestseller Robb's snappy near-future series, but so do criminals, including the sadistic rapist killer who strikes down Deena MacMasters, the 16-year-old daughter of police captain Jonah MacMasters, in the 30th full-length novel to feature homicide detective Lt. Eve Dallas (after *Promises in Death*). MacMasters specifically asks that Dallas, who has a knack for clever insights and deductions, lead the investigation into his daughter's murder. An impressive team of professionals—augmented by Dallas's husband, Roarke, and his young protégé, Jaime Lingstrom—begins the arduous task of collecting and analyzing data. Clues suggest Deena may not be the only victim targeted by her killer and increase the pressure on Dallas and her cohorts. Robb (aka Nora Roberts) combines sex, horrific crime, forensics and technological wizardry for another winner sure to please her many fans. (Nov.)
