Editorial Review

Amazon.com Review

Walter K. Olson is fast becoming the legal world's foremost whistleblower. A columnist for *Reason* magazine and author of *The Excuse Factory*, Olson makes complex legal issues understandable to people without law degrees. In *The Litigation Explosion*, he tells of how the United States turned into the world's most litigious society. The account is entertaining because Olson is a good writer, but also infuriating because the problems he describes are severe--ambulance-chasers, junk litigation, and plaintiff awards that line the pockets of lawyers instead of the victims they allegedly represent. A good book for everybody, but a must-read for those in the legal profession.

From Publishers Weekly

This important book catalogues the sins of the legal profession, while detailing the dangers brought by the explosion in jurisprudence that has made America the most litigious society on earth.

Copyright 1992 Reed Business Information, Inc.

From Library Journal

A senior fellow at the Manhattan Institute, Olson concisely examines the 20-year evolution of America's sue-and-be-damned society. Written primarily for the nonlawyer, his book will appeal to anyone wondering why the litigation explosion developed, what it means, and who profits and who loses. Olson thoroughly discusses the Alternative Dispute Resolution and the recent Rule 11 legislation, which promise some hope for reform. Recommended for public and university libraries.

You can find what you are looking for. It should be here for you. So , don't miss the item! Just read this e-book type for your better life and knowledge.

Doris Garcia:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or to make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Litigation Explosion: What Happened When America Unleashed the Lawsuit can make you truly feel more interested to read.
