Visual Communication: Images with Messages (with InfoTrac) By Paul Martin Lester

VISUAL COMMUNICATION: IMAGES WITH MESSAGES is the only text to offer substantial coverage of issues specific to all forms of visual communication. Helping students analyze visual messages using a technique similar to the one used to evaluate words, VISUAL COMMUNICATION offers physiological and theoretical background on visual perception, then moves to discussion of various media (including typography, graphic design, informational graphics, photography, television, video, and interactive media) and the visible role they play in our lives.
