

Ethics for a Brave New World, Second Edition (Updated and Expanded)

By John S. Feinberg, Paul D. Feinberg

Ethics for a Brave New World, Second Edition (Updated and Expanded) By John S. Feinberg, Paul D. Feinberg

Aldous Huxley's 1932 book *Brave New World* foresees a world in which technological advances have obliterated morality and freedom. John Feinberg and Paul Feinberg, in the first edition of *Ethics for a Brave New World*, noted how Huxley landed frighteningly close to the truth. Their book responded to ethical crises such as abortion, euthanasia, capital punishment, and genetic engineering by looking to Scripture for principles to guide us through the moral quagmires of our time.

Now dramatically updated and expanded, this edition of *Ethics for a Brave New World* seeks to maintain the relevance, rigorous scholarship, and biblical faithfulness of the first edition. While many of the topics covered in the book remain the same, John Feinberg has revised each chapter to keep it current with contemporary trends and to respond to the most recent scholarship. There is a new chapter on stem cell research and greatly expanded material on issues such as homosexuality and genetic engineering. This important resource will be a valuable guide for students and those seeking answers to ethical dilemmas.

Editorial Review

Review

“This 2nd edition of *Ethics for a Brave New World* by John Feinberg and Paul Feinberg is a welcome updating and expansion of a text I have long considered essential for anyone wishing to engage the moral collapse of contemporary culture with biblically grounded truth. The Feinbergs provide a timely and effective resource for dealing with the most crucial issues of our day, and they do it in ways as appealing as they are compelling.”

—**Daniel R. Heimbach**, Professor of Christian Ethics, Southeastern Baptist Theological Seminary; author, *Truth, Sex, and Morality*

“Since the first edition, changes in the world have only made this book’s title more apt. Again and again, science fiction has become science fact; and with masterful theological discernment, John Feinberg helps us to make sense of what is happening. He does a tremendous service by gathering and interpreting an ocean of literature on key issues of our day. Readers will come away informed about the issues, conversant with the multi-faceted debates that swirl around these vital challenges, and equipped and inspired to engage them in a way that glorifies God.”

—**John F. Kilner**, professor of bioethics and contemporary culture, Trinity Evangelical Divinity School; author, *Why People Matter* and *Dignity and Destiny*

About the Author

John S. Feinberg (PhD, University of Chicago) is department chair and professor of biblical and systematic theology at Trinity Evangelical Divinity School. He is the author of *Ethics for a Brave New World* (with Paul D. Feinberg) and is general editor of Crossway’s Foundations of Evangelical Theology series.

PAUL D. FEINBERG (ThD, Dallas Theological Seminary) was professor of biblical and systematic theology at Trinity Evangelical Divinity School. He passed away in 2004.

Users Review
