Swift Essentials

By Dr Alex Blewitt

Swift Essentials By Dr Alex Blewitt

Get up and running lightning fast with this practical guide to building applications with Swift

About This Book

- Rapidly learn how to program Apple's newest programming language, Swift, from the basics through to working applications
- Create graphical iOS applications using Xcode and storyboard
- Build a network client for GitHub repositories, with full source code on GitHub

Who This Book Is For

Whether you are a seasoned Objective-C developer or new to the Xcode platform, Swift Essentials will provide you with all you need to know to get started with the language. Prior experience with iOS development is not necessary, but will be helpful to get the most out of the book.

What You Will Learn

- Explore the nuts and bolts of the Swift syntax
- Test Swift code interactively with the REPL
- Display graphics with QuickLook in the Swift playground
- Present data in master-detail applications
- Use the Swift storyboard to manage multi-screen applications
- Create graphical UIViews with Swift
- Parse JSON and XML data from network sources
- Build a standalone iOS application from start to finish

In Detail

Swift is a new and powerful programming language that represents an essential new programming tool for iOS and OSX applications and builds upon the power of Objective-C while streamlining the developer experience.

Swift Essentials is a fast-paced, practical guide showing you the quickest way to

put Swift to work in the real world. It guides you concisely through the basics of syntax and development before pushing ahead to explore Swift's higher features through practical programming projects.

By the end of the book, you will be able to use Xcode's graphical interface builder, create interactive applications, and communicate with network services.

Editorial Review

About the Author

Dr Alex Blewitt

Dr Alex Blewitt has over 20 years of experience in Objective-C and has been using Apple frameworks since NeXTSTEP 3.0. He upgraded his NeXTstation for a TiBook when Apple released Mac OS X in 2001 and has been developing on it ever since. Alex currently works for a financial company in London and writes for the online technology news site InfoQ. He has authored two other books for Packt Publishing. He also has a number of apps on the App Store through Bandlem Limited. When he's not working on technology and the weather is nice, he likes to go flying from the nearby Cranfield airport. Alex writes regularly on his blog http://alblue.bandlem.com as well tweets regularly on Twitter, @alblue.

Users Review

From reader reviews:

Orlando Bush:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to know everything in the world. Each guide has different aim or even goal; it means that publication has different type. Some people really feel enjoy to spend their a chance to read a book. They are really reading whatever they take because their hobby is reading a book. Think about the person who don't like reading a book? Sometime, man feel need book when they found difficult problem or exercise. Well, probably you should have this Swift Essentials.

James Donofrio:

Book is to be different per grade. Book for children right up until adult are different content. As we know that book is very important for people. The book Swift Essentials has been making you to know about other information and of course you can take more information. It is very advantages for you. The guide Swift Essentials is not only giving you much more new information but also for being your friend when you really feel bored. You can spend your current spend time to read your book. Try to make relationship with the book Swift Essentials. You never really feel lose out for everything in the event you read some books.

Brandon Macdonald:

Reading a book to get new life style in this year; every people loves to go through a book. When you examine a book you can get a lots of benefit. When you read books, you can improve your knowledge, because book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. If you would like get information about your study, you can read education books, but if you want to entertain yourself you are able to a fiction books, these us novel, comics, along with soon. The Swift Essentials provide you with a new experience in studying a book.

Valerie Beauchamp:

Many people spending their time frame by playing outside together with friends, fun activity together with family or just watching TV the entire day. You can have new activity to invest your whole day by reading a book. Ugh, think reading a book can actually hard because you have to use the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Swift Essentials which is obtaining the e-book version. So , why not try out this book? Let's view.
