## **Editorial Review**

### **Amazon.com Review**

Some authors are worth reading because of their area of expertise, even when their objectivity may be questionable. This is true of John Douglas, who follows up his *Mindhunter* with another assortment of his observations and opinions from his ex-job as the FBI's top expert on constructing behavioral profiles of criminals. This book contains several passages of interest: a detailed discussion of the *modus operandi* versus the "signature" of a murder, and how each relates to motive; thoughts on how the press and the public can be used to flush out a killer; a taxonomy of pedophiles, with a chapter on how to protect children from them; a detailed analysis of the savage sex-murder of a female Marine; a profile of the Nicole Simpson/Ron Goldman killer; and a report on how the courts are handling behavioral testimony. Always biased, often egotistical, but uniquely experienced--that's Douglas.

### **From Library Journal**

After the mind-blowing success of *Mindhunter* (Scribner, 1995), more profiles in criminality from the former head of the FBI's Investigative Support Unit.

Copyright 1996 Reed Business Information, Inc.

### **Review**

"John Douglas knows more about serial killers than anybody in the world." -- Jonathan Demme  
Silence of the Lambs "John Douglas is the FBI's pioneer and master of investigative profiling, and one of the most exciting figures in law enforcement I've had the privilege of knowing." -- Patricia Cornwell

## **Users Review**

### **From reader reviews:**

#### **Gena Colgan:**
